

**REMARKS**

The outstanding Notice of Non Compliant Amendment addresses alleged deficiencies in the response filed October 20, 2008, including, for example, that the Abstract was not presented on a separate sheet. It is respectfully submitted that the October 20, 2008 response was proper.

The October 20, 2008 response included an *English translation* of Korean Application 10-2002-0070458, upon which Applicants rely for a priority filing date. It appears that the USPTO has considered this English translation to be an amendment to the present application. However, as indicated in the remarks of the October 20, 2008 response, this was not an amendment, but a certified translation of the Korean application.

Accordingly, withdrawal of the present Notice is requested.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
